ROLES AND RESPONSIBILITIES

This section gives details of the roles and responsibilities within WHSB:

Head of Centre – the Headmaster has overall responsibility for the School as an Examinations Centre and is responsible for approving our Policy for determining Teacher Assessed Grades. He will endeavour to ensure:

- that clear roles and responsibilities of all staff are defined;
- that Teacher Assessed Grade decisions represent the academic judgment made by teachers and that the checks in place ensure these align with the guidance on standards provided by awarding organisations;
- that a robust internal quality assurance process has been produced and signed-off in advance of results being submitted.

Senior Leadership Team and Heads of Department

Our Senior Leadership Team and Heads of Departments will endeavour to:

- provide training and support to our other staff;
- support the Headmaster in the quality assurance of the final Teacher Assessed Grades;
- ensure an effective approach within and across Departments and authenticating the preliminary outcome from single teacher subjects;
- be responsible for ensuring staff have a clear understanding of the internal and external quality assurance processes and their role within it;
- ensure that all teachers within their Department make consistent judgments about student evidence in deriving a grade;
- ensure all staff conduct assessments under the appropriate levels of control with reference to guidance provided by the Joint Council for Qualifications;
- ensure teachers have the information required to make accurate and fair judgments;
- ensure that a Head of Department Checklist is completed for each qualification that they are submitting.

Teachers and SENCo

Our teachers and SENCo will endeavour to:

- ensure they conduct assessments under WHSB's appropriate levels of control and have sufficient evidence, in line with this Centre Policy and guidance from the Joint Council for Qualifications, to provide Teacher Assessed Grades for each student they have entered for a qualification;

- ensure that the Teacher Assessed Grade they assign to each student is a fair, valid and reliable reflection of the assessed evidence available for each student;
- make judgments based on what each student has been taught and what they have been assessed on, as outlined in the section on grading in the main JCQ guidance;
- produce an Assessment Record for each subject cohort, that includes the nature of the assessment evidence being used, the level of control for assessments considered, and any other evidence that explains the determination of the final Teacher Assessed Grades. Any necessary variations for individual students will also be recorded;
- securely store and be able to retrieve sufficient evidence to justify their decisions.

Examinations Officer

Our Examinations Officer is responsible for the administration of our final Teacher Assessed Grades and for managing the post-results services, with the support of senior staff.

TRAINING, SUPPORT AND GUIDANCE

Training

This section provides details of the approach WHSB will take to training, support and guidance in determining Teacher Assessed Grades this year.

- Teachers involved in determining grades in WHSB will attend centre-based training to help achieve consistency and fairness to all students;
- Teachers will engage fully with the training and support that has been provided by the Joint Council for Qualifications and the awarding organisations.

Support for Newly Qualified Teachers and Teachers less familiar with Assessment

This section provides details of our approach to training, support and guidance for newly qualified teachers and teachers less familiar with assessment

- We will provide mentoring from experienced teachers to NQTs and teachers less familiar with assessment.
- We will put in place additional internal support with Teacher Assessed Grades for NQTs and other teachers as appropriate.

USE OF APPROPRIATE EVIDENCE

Use of Evidence

This section gives details in relation to our use of evidence.

- Teachers making judgments will have regard to the Headmaster's guidance on recommended evidence, and further guidance provided by awarding organisations;
- All candidate evidence used to determine Teacher Assessed Grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals;
- We will be using student work produced in response to assessment materials provided by our awarding organisation(s), which may include groups of questions, past papers or similar materials such as practice or sample papers;
- We will use Non-Examination Assessment work (often referred to as coursework), even if this has not been fully completed;
- In particular circumstances we may use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes;
- In particular circumstances we may use substantial class or homework (including work that took place during remote learning);

- In particular circumstances we may use internal tests taken by students;
- We will use Trial Examinations taken over the course of study;
- We will use records of a student's capability and performance (as indicated by NEA) over the course of study in performance-based subjects such as Music and PE.
- We will use Examination Board assessments to support consistency of judgment between teachers or classes by giving students within each subject the same or similar (in particular circumstances) tasks to complete
- In particular circumstances, we may use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.
- In particular circumstances we may choose to use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.
- We may combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that has not been taught.

WHSB will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home;
- We will ensure that we have arrangements in place to authenticate the work as the student's own, especially where that work was not completed within the School;
- We will consider the limitations of assessing a student's performance if we use assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed;
- We will consider the specification and assessment objective coverage of the assessment;
- We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.

DETERMINING TEACHER ASSESSED GRADES

This section of Centre Policy outlines the approach WHSB will take to awarding Teacher Assessed Grades.

Awarding Teacher Assessed Grades based on Evidence

We give details here of WHSB's approach to awarding Teacher Assessed Grades.

- Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught;
- Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias;
- Our teachers will produce an Assessment Record for each subject cohort and this will be overseen by their Head of Department. Any necessary variations for individual students will also be shared.

INTERNAL QUALITY ASSURANCE

This section gives details of our approach to internal standardisation, within and across Subject Departments.

- We will ensure that all teachers involved in deriving Teacher Assessed Grades read and understand this Centre Policy document;
- In subjects where there is more than one teacher and/or class in the Department, we will carry out an internal standardisation process;

- We will ensure that all teachers are provided with training and support to enable them to take a consistent approach to:
 - Arriving at Teacher Assessed Grades
 - Marking of evidence
 - Reaching a holistic grading decision
 - Applying the use of grading support and documentation
- We will conduct internal standardisation across all grades;
- We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of Teacher Assessed Grades;
- Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s);
- Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s);
- Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by the relevant Director of Studies or another appropriate member of staff within the School and the Headmaster;
- In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.

COMPARISON OF TEACHER ASSESSED GRADES TO RESULTS FOR PREVIOUS COHORTS

This section gives details of our internal process to ensure a comparison of Teacher Assessed Grades at qualification level to results for previous cohorts in WHSB taking the same qualification.

- We will compile information on the grades awarded to our students in past June series in which examinations took place (e.g. 2017 - 2019);
- We will consider the size of our cohort from year to year;
- We will consider the stability of WHSB's overall grade outcomes from year to year;
- We will consider both subject and centre level variation in our outcomes during the internal quality assurance process;
- We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.

This section gives details of the approach WHSB will follow if our initial Teacher Assessed Grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.

- We will compile historical data giving appropriate regard to potential mixtures of A*-G and 9-1 grades in GCSEs. Where required, we will use the guidance to convert legacy grades into the new 9 to 1 scale;
- We will bring together other data sources that will help to quality assure the grades we intend to award in 2021.

This section gives details of changes in our cohorts that need to be reflected in our comparisons.

- We will omit subjects that we no longer offer from the historical data.

ACCESS ARRANGEMENTS AND SPECIAL CONSIDERATIONS

Reasonable Adjustments and Mitigating Circumstances (Special Consideration)

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe), we will make every effort to ensure that these arrangements are in place when assessments are being taken;
- Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will remove that assessment from the basket of evidence and alternative evidence will be obtained;
- Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgments;
- We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments;
- To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)

Addressing Disruption/Differentiated Lost Learning (DLL)

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher Assessed Grades will be determined based on evidence of the content that has been taught and assessed for each student.

OBJECTIVITY

This section gives a summary of the arrangements in place within WHSB in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

Senior Leaders, Heads of Department and Centre will consider:

- sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);
- how to minimise bias in questions and marking and hidden forms of bias; and
- bias in Teacher Assessed Grades.

To ensure objectivity, all staff involved in determining Teacher Assessed Grades will be made aware that:

- unconscious bias can skew judgments;
- the evidence presented should be valued for its own merit as an indication of performance and attainment;
- Teacher Assessed Grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;

Our internal standardisation process will help to provide different perspectives to the quality assurance process.

RECORDING DECISIONS AND RETENTION OF EVIDENCE AND DATA

This section outlines our approach to recording decisions and retaining evidence and data.

- We will ensure that teachers and Heads of Departments maintain records that show how the Teacher Assessed Grades process operated, including the rationale for decisions in relation to individual marks/grades;

- We will ensure that evidence is maintained across a variety of assessments to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught;
- We will put in place requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions;
- We will comply with our obligations regarding data protection legislation;
- We will ensure that the grades accurately reflect the evidence submitted.
- We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).

Authenticating Evidence

This section of WHSB Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- Robust mechanisms, which will include, levels of control applied (including using evidence gathered from examinations and other assessments taken under high control) and requirements for students and teachers to sign to authenticate work will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it;
- It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow the relevant guidance provided by our awarding organisations to support these determinations of authenticity.

CONFIDENTIALITY, MALPRACTICE AND CONFLICTS OF INTEREST

Confidentiality

This section details the measures in place in WHSB to maintain the confidentiality of grades, while sharing information regarding the range of evidence on which the grades will be based.

- The Headmaster will take appropriate action to manage any conflicts of interest arising with WHSB staff in accordance with the JCQ documents - [General Regulations for Approved Centres, 1 September 2020 to 31 August 2021](#).
- We will also consider the need, if necessary, to separate duties and personnel to ensure fairness in later process reviews and appeals.

PRIVATE CANDIDATES

This section details our approach to providing and quality assuring grades to Private Candidates.

- Our arrangements for assessing Private Candidates to arrive at appropriate grades are identical to the approaches utilised for internal candidates;
- Where it has been necessary to utilise different approaches, the **JCQ Guidance on Private Candidates** has been followed and any divergences from our approach for internal candidates have been recorded on the appropriate class/student documentation;
- In undertaking the review of cohort grades in conjunction with WHSB results profiles from previous examined years, the grades determined by WHSB for Private Candidates have been excluded from our analysis.
